Dear Dr. Jae-gil Park,

Greetings from the Peking University-Lincoln Institute Center for Urban Development and Land Policy! I am writing to invite you to a symposium entitled "Megaregions and Spatial Planning: An International Perspective," hosted by the Peking University-Lincoln Institute Center on October 28-29, 2008 in Beijing. It is my sincere hope that you can attend our conference and present an academic paper on the topic of South Korean Experiences in Regional Cooperation and Spatial Planning.

Your expertise in the field of regional development will be an asset to the group of international scholars presenting at our conference. Aside from your regional expertise, my hope is your comments will provide theoretical and practical context for the complex issues facing megaregions.

The Peking University-Lincoln Institute Center for Urban Development and Land Policy will cover your travel expenses, as well as room and board during your stay in Beijing. We also invite you to visit our Center on the Peking University campus. Please let me know if you have any further questions or concerns. I look forward to our collaboration and welcoming you to Beijing in October!

Sincerely,

Joyce Yanyun Man, Ph.D.
Director, Peking University-Lincoln Institute Center for Urban Development and Land Policy
Senior Fellow and Director, China Program, Lincoln Institute of Land Policy
